1. The following is an examiner's statement of reasons for allowance:

The prior art fails to teach the invention as claimed in independent claims 1, 8 and 15 requiring the combination as a whole of the specific calculation steps and data types within the seismic data processing algorithm for identifying and deriving the fracture substrata regions where the specific steps include the extraction of seismic attribute data, identifying frequency anomalies therefrom, identifying and removing false positive frequency anomalies, and then confirming remaining frequency anomalies and ranking those remaining.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. The abstract of the disclosure is objected to because it is over 150 words in length. Correction is required or this application will be held abandoned. See MPEP § 608.01(b).

Changes to submit a proper abstract have been approved by the examiner.

An amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Donald McElheny, Jr. whose telephone number is 571-
